We would like your consent to take photos of your child and use them in the ways described above. In addition to this we would like to ask your permission to store your child's name on educational subscription based websites. These websites will be used regularly in school and at home to enhance learning.

Why are we asking for your consent again?

You may be aware that there are data protection rules. To ensure we are meeting the requirements, we need to seek your consent to take and use photos of your child. We really value using photos of pupils, to be able to showcase what pupils do in school and show what life at our school is like to others, so we would appreciate you taking the time to give consent. We also value the use of web-based resources in aiding learning. Whilst you are within your rights to deny consent, we would like to discuss any potential concerns you may have over photographic consent in person. We feel that celebrating the achievements and learning of our pupils through photographs is a huge part of school life here and don't wish for pupils to be excluded from this without reason.
