## Curriculum Overview

### Spring Term

**Welcome back – it's 2026!**

**This term our overarching theme is 'Let's experiment!' Within this we have two main topics which will inspire our learning and environments – Amazing Materials in Spring 1 and Glorious Food in Spring 2.**

#### MATHS

In F2 maths lessons the children will look in-depth at the numbers 5 to 10. They will be able to recognize odds and even numbers and know doubles. F1 children will spend more time exploring shape, space and measure this term. As always, there will be lots of extension opportunities within our continuous provision.

#### EXPRESSIVE ART & DESIGN

We have lots of creative projects planned including collage and textiles. There will be a specific focus on drawing skills during week 4 and 5 of Spring 1 and we would love your child to bring in their favourite teddy bear to do a still life sketch!

#### LITERACY

Alongside daily phonics lessons and story times, we will have a main class book to learn new vocabulary, mark-make, sequence and retell.

Spring 1 – We're all going on a Bear Hunt

Spring 2 – The Very Hungry Caterpillar

#### UNDERSTANDING OF THE WORLD

During our materials topic we will investigate the sight, smells and touch of natural materials and what happens in the process of freezing and melting. This will lead onto the natural habitat of bears and where in the world bears live. When we move onto our food topic, we will explore the places and climates that fruits grow, and plant seeds to help us begin to learn about the life cycle of plants.

## Curriculum Overview

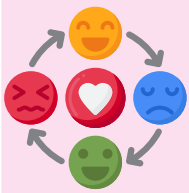

### Spring Term

#### PERSONAL, SOCIAL AND EMOTIONAL DEVELOPMENT

Our focus stories will springboard talking about:

- being a good friend,
- being resilient to take on challenges and overcome obstacles,
- keep ourselves healthy as we grow and change.

Our continuous provision is planned to encourage and support positive interactions at all times.

#### DATES FOR YOUR DIARY

**Return to school 6/01**

**Stay and Pray**

- FS2 Butterfly Class 14/01
- FS2 Ladybird Class 21/01
- FS1 28/01

**Bring your teddy bear to school w/c 26/01 and 2/02**

**Local Library Visit**

- Within school day date tbc

**Den Building**

- FS1 w/c 10/02
- FS2 w/c 11/02

**School disco 12/02**

**Easter Bonnet parade 26/03**

#### COMMUNICATION AND LANGUAGE

All areas in the classroom promote and support speaking, listening and comprehension skills. During this term the children will:

Spring 1 - find out and talk about bears, learn 'The Bear Hunt' song and a Teddy Bear rhyme with actions;

Spring 2 – learn and talk about fruits and where they grow, do a Caterpillar rap and recite the poem 'Fuzzy Little Caterpillar'.

#### PHYSICAL DEVELOPMENT

The colder weather gives the perfect opportunity to develop fine motor control while supporting independence and self care – please help your child learn to put on and zip or button their coats, wrap and tie scarfs and poke each finger carefully into gloves!

Our PE this terms continues to be delivered by Hull FC on a Thursday, continuing to develop fundamentals skills and explore dance.
